The minority wanted to make it 16 to 1, but the Republicans beat that proposition once again.

The crowd which witnessed this game was as weary as the players—from laughter. The throng present included most of the government officials. President Tart did not attend—he was at Chevy Chase with Vice President Sherman playing golf.

The hit ought to have been good for a home run, but Representative Howland of Ohio fell exhausted on the second sack and yelled for somebody to come on out and finish the run. Representative Nicholas Longworth of Ohio feilet advance notices. He presented a natty appearance in his golf trousers, but he "Caseyed" out twice with two men on bases, got a base on balls once and then in the last half of the seventh showed a flash of rare speed when he beat out a tiny little infleid hit. His only other acquaintance with the ball was a couple of foul tips and several long runs after two baggers slammed out by the Democrats.
